REFUNDABLE ESCROW AMOUNT FOR PRELIMINARY AND FINAL SUBDIVISION AND LAND DEVELOPMENT PLANS

The Upper Southampton Township Board of Supervisors, in the exercise of its responsibilities, may call upon the services of consultants for engineering, legal service, site design, traffic design, landscape architecture and such other consultants as may be necessary for the review of subdivision and/or land development. A 15% administrative charge shall be added to all applicable fees and deducted from the refundable escrow deposit. Any unused portion of the refundable escrow deposit shall be returned to the applicant. Applicant is required to enter into a professional service agreement.

In the event these costs deplete the escrow fund in excess of 80% of the original refundable escrow deposit, and it seems likely that costs will run in excess of the unused portion, the township reserves the right to require an additional escrow deposit up to the original refundable escrow amount. This escrow amount shall be paid when requested before further review of the proposed development plan. At the time of each filing, applicant's planner, architect and/or engineer shall certify that the submission is complete and in a form acceptable for review.

SITE DEVELOPMENT PLANS

RESIDENTIAL	\$200.00	\$1000.00
NON RESIDENTIAL	\$500.00	\$3000.00

Note: The Upper Southampton Township Zoning Officer, in the exercise of his responsibilities, may require the submission of a site development plan in lieu of a zoning permit application when it is determined that the services of engineering, legal, and other consultants are necessary for adequate and thorough review of a development plan. A 15% administrative charge shall be added to all applicable fees and deducted from the refundable escrow deposit. Any unused portion of the refundable escrow deposit shall be returned to the applicant. Applicant is required to enter into a professional service agreement.

In the event these costs deplete the escrow fund in excess of 80% of the original escrow deposit, and it seems likely that costs will run in excess of the unused portion, the township reserves the right to require an additional escrow deposit up to the original escrow amount. This escrow deposit shall be paid when requested before further review of the proposed development. Any unused portion of the refundable escrow will be returned to the applicant.

Note: The refundable escrow deposit for change of non-conforming use application, curative amendment application, and conditional use application is to cover the cost of publishing required notices and all other expenses incurred by the township incidental to the hearing. In the event these costs deplete the escrow fund in excess of 80% of the original escrow deposit and costs seem to indicate that additional deposits will be required, the township reserves the right to require additional escrow deposit up to the original escrow amount. This additional escrow amount shall be paid prior to the

public hearing as set forth in the public notice. If the expenses do not exceed the escrow deposit fee, the balance will be refunded to the applicant. Furthermore, every applicant shall be responsible for any costs incidental to such application including legal, engineering and stenographic fees. A 15% administrative charge will be added to all fees and costs. Any unused portion of the refundable escrow will be returned to the applicant. Applicant is required to enter into a professional service agreement.

STREET OPENING PERMITS

<u>NON REFUNDABLE FILING FEE</u>	<u>REFUNDABLE ESCROW DEPOSIT</u>
\$300.00	\$2000.00

Note: An escrow deposit shall be submitted with all street openings to guarantee the satisfactory restoration of the roadway, and other disturbed areas within the public right-of-way. The escrow deposit will be fully refundable only after an inspection had been conducted by an authorized township official to determine that the proper restoration had been accomplished. In the event that an inspection yields deficiencies in restoration of the roadway or other public improvements within the legal right-of-way, the township reserves the complete said restoration in a satisfactory manner. The applicant shall be responsible for any charges in excess of the original escrow amount. A 15% administrative charge will be added to all fees and costs.
